Homeland Integrated Offshore Services Limited strives to provide world class services using indigenous talents in our chosen niche of Offshore marine security, Terminal Tugs, Platform & Field Support services of the maritime industry, Technical Manpower Services, AGO Supply, OCTG Services, Subsea Construction Services, Armed Security Escort Vessel (ASEV) Services, & other **EPCI** services.

Homeland IOS Ltd from inception, is set out to provide quality, & value adding services that exceed customers' expectations. We strongly believe in the following principles in our quest to ensuring optimal service delivery:

- We consider every customer order or request, a privileged opportunity to serve & an avenue to showcase our Quality Service delivery.
- To achieve our service standard objectives, we ensure our qualified & well-trained personnel first understand the customer's needs, and work relentlessly within procedural guidelines and extant industry requirements to deliver at the highest quality standards, while we remain committed to satisfy all applicable industry standards and requirements.
- Homeland IOS Ltd recognizes that the quality of a service is only as good as its delivery process.

We remain committed to continuous improvement of the quality management system through constant evaluation of our service delivery process, identifying the potentials for error & or reduced efficiency, & taking process-oriented actions to eliminate errors and improve efficiency.

Ensuring that all Homeland IOS Ltd personnel have full knowledge of, and take ownership of this policy, and demonstrate same by job proficiency & their ability to render quality services safely, first time & always.

While we remain resolute to continuously render quality services, we are humble enough to accept that we don't always achieve this aim. Therefore, we welcome customers' feedback, & do our best to improve on them.

The quality policy principles and related objectives will be communicated & available to all staff & vendors working for and/or on behalf of Homeland IOS Ltd while continuous training will be an integral part of the strategy to achieve our objectives. The top management shall see to the implementation & monitoring of this policy across board through management review meetings.
